## FROM THE PRINCIPAL

As we approach the Spring season I am reminded of the beginning of new life as the grass will start to green up and trees begin to bud out and blossom again. It gives me the positive feeling of seeing what God can do for us every spring. It also coincides with our Lenten Season as we prepare for our Lord to rise again. This time of year always gives us the chance to refresh our relationship with our Lord and find new ways to strengthen our faith.

I wanted to share with you again that on **Thursday, March 17th**, Mr. Chris McKenna from Protect Young Eyes, will be here to give a presentation to our parents. I have heard him speak and truly believe in his message about technology and our kids. The topic will be Mental Health and Technology for our kids. Part of me would like to make this mandatory for our families but also realize that is not always practical. I will be sharing more information about his presentation over the next couple of weeks. The presentation will begin at **6:30 pm** in the Munninghoff and should last 60 - 90 minutes. Please consider

joining us for this important message. To learn more about this opportunity please see the flyer below or visit their website, www.protectyoungeyes.com

God Bless

## CAMPUS MINISTRY

We have a handful of lenten events that the Campus Ministry class would like to invite our families to. We have our all school mass for Ash Wednesday at St. Mary at 10:00am, as well as for our first Friday mass on March 4 in the chapel at 6:45 a.m.

Another amazing opportunity for us to grow in our faith this year is an event that St. Mary Parish is hosting. Steve Angrisano will be visiting St. Mary parish March 20-22, 2022. The mission begins at 7 pm each evening. No tickets or pre-registration required. Please join us and bring your friends and family to grow as a community in Christ.

We pray that your lenten season is a time of prayer, fasting, and almsgiving that will light your faith on fire to spread the good news to others.

## TESTIMONIALS

Doug Crawford, PYE COO, at North Ridge Church

**Our partnership with Protect Young Eyes has transformed our school's approach to technology integration, device management, student discipline as it relates to technology, and how we work with parents to ensure a safe and healthy approach to the realities our children do, and will continue to face with devices, the internet, and social media. The feedback from parents, teachers, and students is nothing but positive!**

Corissa Sheets, Principal, Salem Lutheran Schools

**I truly believe that your presentations and curriculum have changed the culture at our school and the impact it's making there makes me want to cry. My kids are empowered to make good choices and use technology in a way that makes me so proud. I could never have done this without PYE.**

Liz, Mom

**PYE provides extremely useful information, tips, and tools for parents. Parents must take an active role in managing these powerful tools, and it is never too young to build good habits. PYE covers this A to Z. Your future self will thank you for heeding their advice!**
